

Special **OFFER** for Technopolis **CUSTOMERS**

– The CFO Challenge

How to improve your company's financial management?

As a P3 partner benefit, we offer Technopolis companies the "The CFO Challenge" test. The test consists of mapping and consulting on the development points of financial administration and financial management. It will provide the company with information and insight on how to develop their financial guidance in relation of their business operations, and provides a vision how to take the financial functions to the next level.

The price via P3 is 299 euro (VAT 0%) .

Seeking **PROFITABLE GROWTH?** We help you find it.

WHAT IS SIXONES?

Sixones offers financial advisory and CFO services especially designed for growth companies. We bring proactive financial management a part of your company's management and help you in managing growth, cash flow and profitability. As your part-time CFO, we make reliable and future-oriented financial reports and scenarios to help you in both big and small decisions. With Sixones CFO service, every company can afford to have a CFO.

*In short: we help companies to make more **MONEY**.*
